

MyCreditRepairSite.com Setup Checklist

Congratulations on getting your own Credit Repair Business website!

Your website is already 99% complete. However, while we do provide you a website that has been professionally designed, there are still a few things you'll need to manually add to your website. This process shouldn't take more than 30 minutes.

Before completing the checklist, make sure to have this information handy.

- www.CreditRepairCloud.com account login details
- Company Name
- Company Logo
- Company Phone Number
- A Few Customer Testimonials
- Links to Your Social Media Accounts
- Your Service Pricing

Once you have all the above information, follow the checklist below.

Website Header and Footer

Website Header (top of website)

Add company logo

Add phone number

Website Footer (bottom of website)

Add company name, address & phone number

Link to social media accounts
